Subject: CARDINAL GREGORY ACCUSED OF FAILING TO ACT ON CREDIBLE PREDATION ALLEGATIONS

Dear Monsignor/Father and parishioners,

Cardinal Wilton Gregory is accused of covering up allegations of sexual predation on the part of Father Adam Park who recently resigned as the vice rector of the Pontifical North American College (NAC) in Rome. Gregory, as Park's Ordinary, failed to act on no less than seven reports accusing Father Park of sexually preying on vulnerable NAC seminarians under his supervision.

If you had a son studying at the NAC, how might you feel if Cardinal Gregory never told you that your son's vice rector, Father Park, was accused in a lawsuit of homosexual predation, and his rector, Father Peter Harman, was accused of engaging in homosexual relations in the presence of other seminarians? How might you react if your son informed you that he was sexually assaulted by his priest supervisor (as happened with then-seminarian Ryszard Biernat), but the bishop said your son would never be ordained a priest if he reported the abuse?

Most Washington Catholics are aware of the fact that The Pillar outed Msgr. Jeffrey Burrill for apparently leading a double life by visiting gay bath houses and using the Grindr app to arrange for gay hookups. What most Washington Catholics are not aware of, however, is how Gregory, the NAC Board of Governors, and the Apostolic Nuncio, Archbishop Christophe Pierre, are accused of failing to act on the predatory and misconduct allegations they received involving Fathers Harman and Park that were found to be credible by a former Federal Bureau of Investigation (FBI) Special Agent in Charge (SAC).

Please read the following article and decide if you feel you would be justified in withholding all of your church contributions until Cardinal Gregory is removed for covering up sexual predation and endangering the lives of vulnerable seminarians he has the moral and legal obligation to protect.
